Cancún México **2013**

**International Society of Endocrinology
Symposium at SMNE 2013, Cancun, Mexico**
12-15th November 2013 | www.magnocongreso2013.com

As part of the International Society of Endocrinology's (ISE) aim to foster the globalization and inter-regional development of Endocrinology we provide sponsored symposia to support our National Member Meetings.

This year we are delighted to support the LIII International Congress de la Sociedad Mexicana de Nutricion y Endocrinologia (SMNE) 2013 in Cancun, Mexico.

The ISE led Symposium features esteemed international figureheads for endocrinology presenting important innovations and cutting-edge research from around the globe.

ISE Cushings Symposium

New developments in Cushings syndrome – Andre Lacroix (CAN)
Expanding the role of cortisol in human pathology – Jeremy Tomlinson (UK)
Advances in the differential diagnosis of ACTH – Oscar Bruno (ARG)

For more information on what promises to be a fascinating congress with a colourful Mexican flavour, visit: www.magnocongreso2013.com
