TO: Leaders of the member societies of the International Society of Endocrinology

Dear Colleagues,
Dear Members,

We are now seeking your Society's nomination to select the members of the Programme Organizing Committee (POC) for the 20th International Congress of Endocrinology (ICE 2022) which will be held in Singapore in collaboration with the Endocrine and Metabolic Society of Singapore (EMSS) on 23-27 February 2022.

Professor Ken Ho has already been appointed as International Co-Chair of the POC and Dr Melvin Leow from Singapore as co-chair.

ISE will select and support 8-international experts and they will be joined by 8 Singapore (EMSS) and Asian Federation of Endocrine Society (AFES) experts to compose the wider POC structure.

Successful candidates will be expected to take on considerable personal commitment by attending the main POC planning committee meeting tentatively scheduled for 15-16 November 2020 in Singapore as well as ICE 2022 on 23-27 February 2022.

POC members will be selected by ISE based on their recognized expertise in various aspects of endocrinology and previous contributions to organize high quality scientific meetings.

Each member society is invited to submit up to three nominees. The final selection of 8 ISE representatives will be made by the ISE Executive Committee. In addition to various fields of expertise selection criteria will include adequate balance of gender and geographical representation, as well as diversity of scientific expertise.

Please submit your nominations to the ISE Executive Office via email to office@isendo.org no later than **31 May 2020**.

We thank you for your valuable contribution to the success of ICE 2022.

With warmest regards and very best wishes.

Yours sincerely,

**ISE Nominations Call:
Program Organizing Committee
of the
International Congress of Endocrinology 2022**

**Executive Committee
2018-2020**
